*Honoring the Past -
Welcoming the Future*

Dear Residents:

I hope that you were able to take advantage of the Spring programs and services the Village offered last month. The Village is grateful to Republic Services for the donation of the mulch that was provided to you. The branch chipping service started last month on the 3rd Monday of each month. Both these programs will help you to beautify your yards. I also hope that you took advantage of the Household Hazardous Waste Collection and Document Shredding held last month. These two worthwhile programs are important to ensure that waste products are removed properly from your home for the safety of your family. Many thanks to the Service Department employees for all their hard work on these programs.

Mayor Mark A. Cegelka

The Recreation Committee of Council has been busy planning the Summer Concert series at Avery Park. The first concert begins June 10th and I want to personally invite you to attend and enjoy the music with family and friends in a beautiful comfortable setting. There is a list of all the summer concerts in this newsletter, so mark your calendars now. Please note that there are changes to the annual Community Garage Sale which will be held on Aug. 4th. The Recreation Committee is hoping that this change will make it easier for you to participate in the event.

We have been working for the last six months on preparing for many infrastructure projects throughout the Village. All the details about these projects are included in this newsletter, so please take a minute to review the construction details and timeline for construction. Traffic will be maintained around the work areas, however we ask for your patience and understanding during any inconvenience while driving through the village.

The following areas will be improved this summer,

- Cochran – Pettibone Intersection – new concrete and widening;
- Pergl Road Subdivision resurfacing;
- Richmond Road at the Railroad tracks improvement; and
- Installing restroom facilities at the Pettibone Road Park.

On behalf of Village Council and our staff, we wish all our residents, a safe and healthy summer season. I hope you can enjoy our precious weather with your family and friends. As always, if there is anything I can do to assist you or your family, please feel free to give me a call or send me an email.

Mark A. Cegelka, Mayor

THANK YOU

Thank you to **Republic Services**, the Village's waste hauler, for generously donating mulch to the Village for our residents. Every resident who participated was able to receive 1 1/2 yards of mulch to landscape areas of their yard.

**THE VILLAGE PURCHASED A
WORKMAN TORO HDX CART WITH
CANOPY AND FOLDING WINDSHIELD
AND A CASE FRONT END LOADER FOR
THE SERVICE DEPARTMENT.**

A COYOTE IS IN YOUR BACKYARD. WHAT SHOULD YOU DO?

Coyotes are common throughout Ohio's 88 counties in both rural and urban settings. There are no wild wolves living in Ohio.

If you do have a coyote on your property, remove all "attractants" to possibly deter the coyote from returning. This includes removing garbage and pet food before nightfall and cleaning up around the grill. Coyotes prey primarily on small mammals such as rabbits and mice. Small pets may also be taken. Keep small dogs and cats inside or stay with them at night when coyotes are most active. Coyotes are curious, but generally fearful of humans. Clap your hands and shout to scare off coyotes that are investigating your yard.

If the coyote visiting your yard seems to lack a fear of humans or is presenting a conflict even after removing attractants from your yard, contact a nuisance trapper. You can locate a trapper near you by calling the Division of Wildlife at 1-800-WILDLIFE (945-3543). Coyotes in rural areas can be controlled through legal hunting and trapping methods. Consult the yearly Ohio Hunting and Trapping Regulations booklet for more information. Go to www.wildohio.com to view more information online.

SAVE THE DATE! SATURDAY AUGUST 4TH 9AM UNTIL 2PM COMMUNITY GARAGE SALE

The Village will be hosting a Village Wide Community Garage Sale.

All households are welcome and encouraged to participate. If you have things to sell, join us in the Glenwillow Annual Community Yard Sale. The past sales have been held behind Village Hall. This year we are doing things a little differently. You may set up your display at your own home. The Village will place ads in the local papers and draw maps showing all the homes who are participating. Maps will be passed out at the new Pettibone Road Park, starting at 8:00 a.m. and during the time of the sale, for everyone who would like to locate all the homes participating and do some shopping. We will have music and vendors at the park during this time.

If you would like to set up a display at your home, you must contact Lori at Village Hall by July 27th so she may place your address on the list to be added to the map. Please call 440-232-8788 or email lpepera@glenwillow-oh.gov

If you are a vendor, you are welcome to participate too.

The Village will advertise the Garage Sale in the Solon Sun Times & Plain Dealer

For more information and to
register, please email Lori at:
lpepera@glenwillow-oh.gov

Or call the Village Hall at 440-232-8788

SUMMER CONCERT SERIES

The 2018 Summer Concert Series has begun! Come enjoy the summer evenings with neighbors, friends and family listening to some great music and a chance to win some great prizes. Don't forget to bring a blanket or a lawn chair!

All Concerts are from 5 PM to 7 PM unless otherwise noted

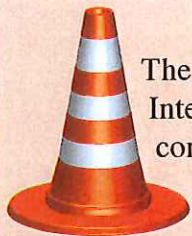

Sunday June 10th	Eli's Coming	Sunday July 22nd	Northcoast Mix
Sunday June 24th	The Player's Club	Sunday August 5th	Blu Monsoon
Sunday July 8th	Victory Highway	Sunday August 19th	Dan Zola Orchestra

Saturday August 4th Annual Community Garage Sale /Farmer's Market (9AM to 2PM)

Saturday August 11th Don't miss the Family Fun Movie in the Park!

The original movie *Shrek* will be shown on a giant inflatable screen and the Donald Norman Payne Recreation Complex. Fun activities for all ages are being planned before the movie begins, at 6:30 p.m. Movie will be shown at dusk.

For more information visit our website at www.glenwillow-oh.gov

PETTIBONE & COCHRAN ROAD INTERSECTION IMPROVEMENT

The Village will be performing a complete removal and replacement of the Pettibone & Cochran Intersection starting in early June and is expected to be completed by early August. The Village has contracted with TC Construction Company Inc. to perform the pavement replacement. During the construction, traffic will be maintained at all times except for east bound traffic on Pettibone Road between Austin Powder and Cochran Road. Although Pettibone Road will be open to the railroad tracks, all through traffic east bound will be routed down Austin Powder to Cochran Road. There will be message boards on Pettibone and Cochran Road at least 7 days prior to construction or changing traffic patterns. The Village secured funding through the Ohio Public Works Commission and Cuyahoga County Department of Public Works for a majority of the \$420,000 project cost.

PERGL ROAD RECONSTRUCTION PHASE II

The Village will be performing a pavement reconstruction phase II of Pergl Road this summer. The reconstruction will start at Richmond Road and extend approximately 1,300 feet east to the first bend. Specialized Construction will be the contractor for the reconstruction and will begin and complete the work this summer. Residents will have access to their drives at all times during construction. Although some delays may occur during the pavement replacement traffic will be maintained at all times.

RICHMOND ROAD RAILROAD CROSSING

In cooperation with the Village of Oakwood, Cleveland Commercial Railroad, and Ohio Rail Development Corporation, the Village will be repairing the railroad crossing at Waste Management's operation facility on Richmond Road this year. The Villages of Oakwood and Glenwillow were awarded \$100,000 from the Cuyahoga County Casino Fund to improve the roadway, drainage and access at the railroad crossing. The Ohio Rail Development Corporation will be providing funding to replace the railroad crossing material and the project will be coordinated to minimize impacts to traffic and access on Richmond Road.

COPS CORNER

WATCH FOR MOTORCYCLES

All motorists are reminded to safely "share the road" with motorcycles and to be extra alert to help keep riders safe. Motorcyclists are reminded to make themselves visible to other motorists. If you would like a "Look Out For Motorcycles" vehicle magnet, please contact Sgt. Nadette Russo at 440-232-8787 ext 109.

HELMET SMART CAMPAIGN

The Glenwillow Police Department is proud to be participating in the Helmet Smart campaign again this year. Through this campaign we are encouraging parents to take an active role in their children's safety by encouraging them to wear bike helmets when riding. Officers will issue a "Safety Citation" when they witness a child wearing a safety helmet. Present the Safety Citation, along with the coupon cards, at the Oakwood Village McDonald's for a **FREE hamburger small fries and ice cream cone!** The bearer of the safety citation is also eligible for several drawings throughout the summer for a new bicycle from AAA.

DRIVE SOBER OR GET PULLED OVER

The Glenwillow Police Department will be participating in the State-wide "Drive Sober or Get Pulled Over" mobilization again this year. This campaign is sponsored by the Ohio Department of Public Safety and will run from **August 17th through September 3rd**. The main purpose of this campaign is to promote public safety and help reduce motor vehicle related fatalities and injuries. According to the National Highway Traffic Safety Administration, 29 people die every day in motor vehicle crashes that involve an alcohol-impaired driver. That is one death every 50 minutes.

LEASH LAW

All dogs, regardless of age, breed or size, **must** be on a leash when walking. Dogs are not permitted to run loose upon any public place.

Owners must also keep dogs physically confined or restrained on private property by a leash, tether, adequate fence, supervision or secure enclosure to prevent escape.

PARKING REMINDER

There is **NO PARKING** on any residential street here in the Village. If you are having a party, work done on your home, special event or visitors, please contact the Police Department for parking permission. When permission is granted, be sure to park on the side of the street opposite from the fire hydrants. Parking on both sides of the street makes it difficult for emergency vehicles and school buses to get through safely.

RESIDENTIAL ADDRESSES

The weather has finally taken a turn for the better! While you begin to tackle your outdoor projects, our Public Safety Responders have a request. Please be sure your address is clearly labeled on your mailbox or support post so they are easily seen. This is especially helpful at night or in inclement weather. We appreciate your assistance!

A new SUV was added to the Police Department's fleet of vehicles. This 2018 Ford Explorer is a great addition to the fleet. It is equipped with all necessary equipment and tools for the officers.

BUILDING DEPARTMENT NEWS

The Building Department is a great resource and reliable tool available to assist homeowners in getting a start towards the construction of a project. Helpful guidelines and permit applications can be found on-line on the Building Department page at www.glenwillow-oh.gov. Providing proper information will expedite the permitting process associated with improvement projects. The guidelines are intended to provide useful information when filing an application for a permit. Experienced staff members available to answer questions.

Permitting begins with filing an application describing the work. In many cases a sketch or drawings are needed to help further describe the scope of the work. The plans are then reviewed to insure that they comply with the Village's codes and ordinances. In certain cases the design may require review by the Architectural Review Board and the site may require review by the Planning Commission. Once those steps are complete a permit can be issued allowing the work to commence. During certain phases of the construction, inspections will be necessary to insure that work is proceeding properly. The plan review and the inspections are part of the professional service provided by the Village as part of the process.

Home and property owners are advised to play an active role in the permitting procedure as they are a legal entity responsible for obtaining the permit even when employing a contractor to perform the work. They are encouraged to review the application and plans with their contractor to insure they understand the complete scope of the work. The home or property owner should sign the application or provide authorization for their representative.

It is vital that an owner research a contractor thoroughly. Resources available for research include the Building Department, the Better Business Bureau, Angie's List, friends and other reliable sources. Have the prospective contractor provide a list of some similar projects they have completed. The Building Department registers and maintains a file of building, electrical, plumbing and heating, ventilating and air conditioning contractors. All contractors are required to provide a certificate of insurance at the time of registration.

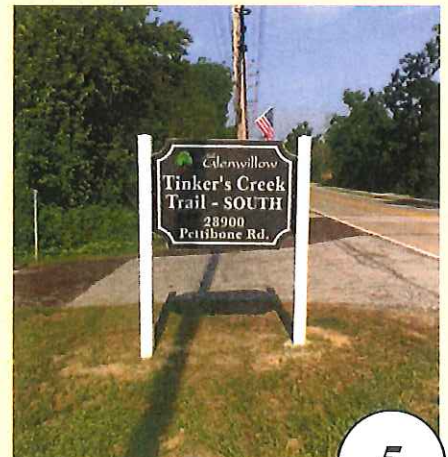

Both the permitting process and the contractor registration requirement are intended to provide a level of protection for the home or property owner. Please do not hesitate to contact the Building Department with any questions or concerns.

WALK OR RIDE YOUR BIKE ON THE VILLAGE'S NEWEST TRAIL

Get your walking shoes on or put air in your bike tires, because the Tinker's Creek Trail – South is now open. The multi-purpose trail runs from Pettibone Road south to the end of Bond Street along Tinker's Creek. The trail is 10 feet wide with an asphalt surface. This trail opens up a pristine area of Glenwillow that was previously inaccessible to the public. The scenes of the creek and the natural land space, allows you to enjoy this part of nature very close to home.

This trail section is part of the entire Village Trail Plan that will eventually connect the entrance for Bedford Reservation on Richmond Road to the Village southern corporate boundary into Summit County. This trail project also included constructing a Trailhead parking lot complete with handicap accessible parking spaces. When you park in the Trailhead parking, walk east along the trail on Pettibone Road until the connection for the trail, just west of Tinker's Creek. Access to the trail is completely handicap accessible and meets all ADA requirements.

This trail was completed through a partnership with Republic Services and grant funds from Ohio Department of Natural Resources, Clean Ohio Trail Fund.

DON'T BE A LITTER BUTT!

Why is Litter a Problem?

When trash (plastic bags, bottles, cigarette butts, plastic cigar tips; etc.) is discarded onto the ground, it washes into storm drains and directly into our waterways untreated. Trash negatively impacts wildlife and migratory birds, poses hazards for fisherman and boaters, and is an eyesore along streets, parks, and waterways in our community.

Litter Facts / Did You Know?

- Plastic pieces, cigar tips and cigarette filters are continually at the top of the list of trash found at beach cleanups locally and worldwide (Ocean Conservancy).
- More plastic cigar tips are found on Cleveland beaches than in any of the other Great Lakes Beach Cleanups (Alliance for the Great Lakes).
- Cigarette filters/butts are NOT biodegradable. The acetate filters take years to decompose, and the toxic chemicals trapped in the filters can leak into aquatic ecosystems, threatening our water resources.
- Plastics break down into tiny pieces called microplastics in water, then release toxic chemicals swallowed by fish, birds, snakes, and other wildlife.
- It can take 600 years for plastic monofilament fishing line to decompose.

What You Can Do:

- Do Not Litter! Lake Erie is our source of drinking water, so we need to do our part to clean up pollution and to educate others not to litter.
- Follow the 3R's—Reduce, Reuse and Recycle wherever possible (Cuyahoga County Solid Waste District is the local recycling resource).
- Use reusable shopping bags instead of single-use plastic bags at the store and recycle bags if the service is available at your grocery store.
- Don't overfill trash cans as litter can blow into the street on windy days.
- If you see illegal dumping, alert the Village's Service or Police Department.
- Organize a storm drain stenciling activity in your neighborhood to educate people that Only Rain goes Down the Storm Drain.
- Volunteer at a local stream, beach or park cleanup event.

For more information on how to reduce stormwater pollution, contact us at 216/524-6580 or visit our website at www.cuyahogawcd.org

Litter ends up in our waterways when rain washes trash down the storm drain

DISCOUNTED RESIDENTIAL MULCH PROGRAM

We have negotiated a discounted rate with Savarino Brothers in Oakwood Village for residents of Glenwillow. When calling to order and pay for mulch, tell them you are a Glenwillow resident to be sure and get the discount price. The Service Department will check with Savarino's weekly for any and all Friday deliveries. **FREE DELIVERY ON FRIDAYS ONLY** by the Glenwillow Service Department. All other days the delivery charge below will apply.

Savarino Brothers Garden Center
24670 Broadway Ave, Oakwood Village, OH 44146
440-439-5358

GLENWILLOW RESIDENT PRICE

BLACK MULCH	\$28.00	HARDWOOD MULCH	\$19.00
CHOCOLATE MULCH	\$28.00	SWEET PEET	\$42.99
RED MULCH	\$29.00	DELIVERY CHARGE	\$29.00 <i>FREE IF DELIVERED ON FRIDAY</i>

If you have any questions please contact Service Director Sam Scaffide at: 440-232-8788 Ext 116 or email sscaffide@glenwillow-oh.gov Or Assistant Service Director Daryl Schultz at: 440-232-8788 Ext 119 or email dschultz@glenwillow-oh.gov Or Lori at Village Hall Monday thru Friday 8:30 AM-4:30 PM 440-232-8788

APPLIANCE TURN-IN PROGRAM

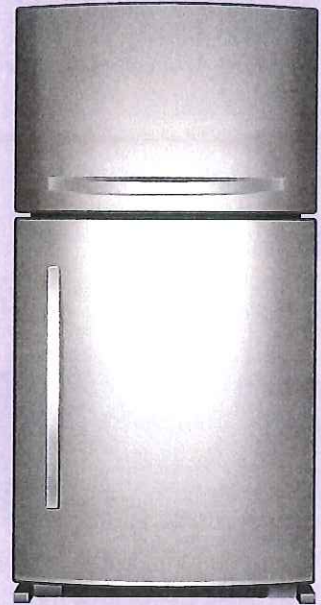

FirstEnergy's Ohio utilities will pick up
and recycle your old refrigerator or freezer
and you'll get \$50.00

Getting rid of your old fridge or freezer couldn't be easier. We'll pick up and recycle your old fridge or freezer and you'll get \$50. Plus you can save up to \$150 a year in reduced energy costs. Recycle a working room air conditioner or dehumidifier along with a qualifying refrigerator or freezer and you'll get an **additional \$25** per unit

Program Guidelines

- Must be an electric customer of FirstEnergy's Ohio utilities
- You must own the appliance(s)
- Refrigerators and freezers must be 10 – 30 cu. ft., plugged in, and operating (cooling) at the time of the scheduled pickup
- Limit of two refrigerators/freezers plus up to two room air conditioners/dehumidifiers per calendar year
- Your incentive will be mailed to you 4-6 weeks after pickup of appliance(s)

To sign up call 1-855-485-7463

FREE CURBSIDE BRANCH CHIPPING SERVICE

WILL TAKE PLACE THE THIRD MONDAY OF EVERY MONTH FROM MAY THROUGH OCTOBER

The Village of Glenwillow will be offering free curbside branch chipping collection to the residents of Glenwillow the third Monday of every month from now through October.

Please have your tree trimmings set out no later than 8:00AM on the scheduled Monday mornings.

PLEASE NOTE THE REQUIREMENTS FOR THE CHIPPER:

No Stumps – No Roots – No Foreign Matter
Nothing larger than 7 inches in diameter
Cut "Y" Shaped Branches in Two
No Firewood – No logs less than 4 feet long
Separate small from large branches
Face "Cut End" of branches towards the road

For more information please contact Service Director Sam Scaffide.

FIRSTENERGY UTILITIES URGE CUSTOMERS TO 'HANG UP, DON'T PAY UP' WHEN SUSPECTED SCAMMERS CALL

Akron, Ohio — With utility scams on the rise, real customers of FirstEnergy (NYSE: FE) utilities are speaking out about their encounters with fraudsters in a mini documentary released today. The video, "Hang Up, Don't Pay Up: When a Scammer Calls," features two business owners contacted by phone scammers impersonating FirstEnergy electric company employees, and provides tips for avoiding scams.

The con artists claimed the businesses had unpaid electric bills and threatened to shut off power if an immediate payment was not made. In both cases, the scammer's phone number was falsified so the caller ID appeared to be a legitimate call, complete with an automated voice menu that mimicked that of their electric company. This common scam is called "caller ID spoofing."

"Scammers can be very convincing and often target those who are most vulnerable, like senior citizens or business owners who rely on electric service to run their business and make a living," said Gary W. Grant, vice president of customer service for FirstEnergy Utilities. "We want others to hear directly from victims of attempted utility scams, in hopes they'll learn how to spot a scam in the future. Most important, if you ever receive a call demanding immediate payment to your electric utility, hang up, don't pay up."

With warmer weather on its way this spring, both residential and business customers should also be on alert for door-to-door visits from scammers who demand immediate payment to avoid service disconnection. Although the scammers work year-round, they are most active in the winter and summer months, when people cannot go without heat or air conditioning.

The "Hang Up, Don't Pay Up" video is featured on FirstEnergy's award-winning Scam and Fraud Information website. This site describes some of the most widespread schemes targeting utility customers, and offers facts and safety reminders that can help customers avoid becoming a victim of these crimes. Customers are urged to keep the following tips in mind to help ensure the safety of their family, property and personal information:

Customers with past-due accounts will receive a written notice of their account status, with instructions on how to avoid disconnection of service.

While FirstEnergy representatives oftentimes make courtesy calls to customers to remind them about an outstanding balance, they would explain how a payment can be made using the established payment options. They will not demand payment over the phone or at a particular physical location.

FirstEnergy field collectors — carrying company-issued photo identification — will offer customers with past-due accounts the opportunity to pay their bill in person before shutting them off.

FirstEnergy does not accept prepaid debit cards or wire transfers as payment, and their representatives will not demand bank or credit card information over the phone.

Customers who suspect a scam should hang up the phone/close the door, and call the local police then FirstEnergy. Never dial the phone number the scammers provide.

FirstEnergy encourages customers to contact them directly using the phone number listed on their website and on the billing statement if they need to verify the status of an electrical account or to confirm the identity of a FirstEnergy employee. When in doubt, always call.

Call the Customer Service Number: 1-800-589-3101

SAVE THE DATE

for the Annual Village Christmas Party
Thursday December 12, 2018
NEW LOCATION

Once again the Village will be hosting its' annual Christmas Party. This year, the party will be at a **new location**; Mt. Zion Church of Oakwood Village located at 1 Mt. Zion Circle, off of Broadway Avenue. Please plan to join your Village officials, friends and neighbors at our party. Santa will be making a surprise visit to the children so be sure to bring your camera. More details to follow in the coming months.

TIPS FOR YOUR LAWN MOTHER EARTH – TREAT MOM RIGHT

- Mow high at 3 or 4 inches and let clippings lie on the lawn as nature's fertilizer. Save money, time, and prevent over application of nutrients by letting the grass clippings add nitrogen to the soil as nature's fertilizer.
- Don't mulch or compost clippings with annual weed seed heads. Instead, bag it up and dispose of it in the trash to prevent more weeds being introduced to your lawn.
- Continue to hand pull or spot treat weeds with an organic weed control spray.
- If Japanese beetle grubs are an issue and soil conditions are right, apply Milky Spore to control the population. One application lasts for 10 years.
- Reduce or eliminate pesticides to protect children and animals.

Did You Know? Beneficial Nematodes, which are live microscopic organisms that occur naturally in soil, do more than control grubs. They can be used anywhere you have pests. They are also effective on flea and tick larvae, helping keep your pets free of these pests. You can purchase Beneficial Nematodes at any landscaping store.

LICENSE PLATE RENEWAL

When you renew your license plates with the Ohio Bureau of Motor Vehicle, please remember to make sure you tell the clerk or you indicate online, that you live in GLENWILLOW. The Village receives its portion of the license tax fee which is used to repair our roads. Since Glenwillow shares a zip code with Solon, many times the plates are registered incorrectly. There is no difference in the tax if you are listed with Solon or Glenwillow. Please help us earn the money for which we are entitled.

LIFELINE SYSTEMS

The Village has a contract with Lifeline Systems for 15 monthly services for our senior citizen residents. This service allows for residents to call for assistance with the push of a button worn around your neck or as a bracelet. If you or a neighbor can benefit from this service, please call Lori at Village Hall at 440-232-8788.

RIVER DAY

Many thanks to Girl Scout Troops 70763, 70702 and 70623 for volunteering on River Day May 19th. With the help of the Cuyahoga Soil & Water Conservation District and Tinkers Creek Watershed Partners, there were approximately 15 volunteers who walked along the newest part of the Multi-Purpose Trail-Tinkers Creek Trail-South to clean out and pick up debris that could harm the streams and Lake Erie and clean out the invasive Garlic Mustard plant that can take over and crowd out native plants. Thank you again to all who helped make our community cleaner and tried to help reverse the negative habits that impact our environment.
