## COMMUNITY GARDENS

The Community Gardens were created for residents who would like to plant and grow their own fresh fruits and vegetables. The garden area is located at 28875 Pettibone Road. Each plot of land is tilled initially, and each participating resident is responsible for planting, watering, weeding and harvesting their plot. The Village will supply a water source to water your plot. **Plots will be rented out on a first come first serve basis by submitting an application and a refundable deposit of \$35.00.**

For more information or to receive an application, please call or email Lori at 440-232-8788 or email [lpepera@glenwillow-oh.gov](mailto:lpepera@glenwillow-oh.gov) or visit our website at [www.glenwillow-oh.gov](http://www.glenwillow-oh.gov)

## THE VILLAGE OF GLENWILLOW IS OFFERING A SECURE SHREDDING SOLUTION OF YOUR PERSONAL DOCUMENTS

On Saturday August 13th the Village will provide an on-site secure shredding vehicle. This will provide residents the opportunity to bring material that is personal and confidential to the site to have it shredded while they watch.

Identity theft can happen to anyone. Shredding your personal documents reduces the chances that you will become a victim. A breach of someone's identity can have a great impact on personal wealth along with the added cost to re-establish one's identity & credit issues that arise. It's also a great way to reduce clutter.

**When:** Saturday August 13th, 2022

**Time:** 9:00 AM until 1:00 PM

**Where:** Shredding will be in the Village Hall parking lot. Signs will be posted.

**THIS IS IN CONJUNCTION WITH THE HOUSEHOLD HAZARDOUS WASTE COLLECTION DAY AND THE COMMUNITY GARAGE SALE!**

For more information please contact Lori at 440-232-8788 or email [lpepera@glenwillow-oh.gov](mailto:lpepera@glenwillow-oh.gov)

## NO SOLICITATION

The best way to keep solicitors and unwanted guests from knocking on your door is to display "No Soliciting" signs. By posting a sign, you are exercising your right to refuse uninvited visitors. Village code section 741.04 prohibits solicitation of any residence with a "No Soliciting" sign posted. The Village is currently partnered with NOPEC to participate in a No Solicitation program. You do not have to be a NOPEC customer to participate in this program. To sign Up go to [www.blocktheknock.com](http://www.blocktheknock.com). NOPEC will only use your information to manage the Do Not Knock Registry.

If you have any questions or need help signing up, please call Village Hall at 440-232-8788.

## RECYCLING REMINDERS

Recycling contamination is a major problem. Contamination happens when well-intended recyclers mistakenly put the wrong items into their recycling. It can wreak havoc on the recycling process throughout the world.

The best way to avoid recycling contamination in your curbside recycling is to recycle only these five core items:

- **CANS**: Empty and rinse.
- **CARTONS**: Empty and rinse. Replace the cap -- it's too small to be recycled by itself!
- **GLASS BOTTLES & JARS**: Empty and rinse.
- **PAPER & BOXES**: Flatten cardboard items, like cereal boxes, to save space.
- **PLASTIC BOTTLES & JUGS**: Empty and rinse. Replace the cap.

Place these items loose – not bagged – in your recycling bin. All items should be empty, clean and dry. Plastic bottles and jugs include items with an opening or neck that is narrower than the body.

Electronic and computer devices can be taken to any Staples store to be recycled at no charge.

To learn more about recycling best practices or other disposal options visit [www.cuyahogarecycles.org](http://www.cuyahogarecycles.org) or call 216-443-3749.

## Building Department News: Permits and Requirements

What is a building permit? A building permit is the property owner's license to commence with construction of a building project in accordance with approved drawings and specifications.

When is a permit required? The best way to find out if you need a permit is to call the building department and ask. This way you can discuss your plan or concept before beginning construction to determine whether you need a permit.

A sampling of required permits includes, but are not limited to the following:

- New buildings
- Additions (bedrooms, bathrooms, family rooms, etc.)
- Residential work (decks, sheds, garages, fences, fireplaces, pools, water heaters, driveways, etc.)
- Renovations (basement finishing, kitchen and bathroom remodeling, etc.)
- Electrical systems
- Plumbing systems
- HVAC (heating, ventilating, and air-conditioning) systems, furnaces, etc.

Permitting is also a necessary documentation tool as it creates a record of both the permit and associated safety inspections. In this era of home sales and property transfers it is frequently common to incorporate a private home inspector who works for the prospective buyer in an effort to assist in determining the fairness of the cost value versus necessary repairs and future upgrades. Furnaces, hot water heaters and roofs are often scrutinized upgrades. Permitting provides the record of the permitting and the timeline for inspection which in turn assists the seller. It's also important to keep in mind that a property owner who can show that code requirements were consistently met, as demonstrated by building department records, has a strong ally if something happens to trigger a potentially destructive lawsuit.

Your home or business is an investment. If your construction project does not comply with the adopted building codes, the value of your investment could be reduced. **Property insurers may not cover work done without permits and inspections.** If you decide to sell a home or building that has had modifications without a permit, you may be required to make costly repairs to make it occupiable.

Your permit also allows the Building Department's certified personnel to conduct inspections for code compliance. The inspection process, seemingly quite simple, is a complex means to protect the public by reducing the potential hazards of unsafe construction and ensuring public health, safety, and welfare. By following guidelines set forth by the adopted building codes, the completed project will meet the minimum acceptable standards set forth by the building codes. If you have any questions, please contact the Building Official Bob Rodic in the Building Department at 440-232-4380 or Village Hall at 440-232-8788.

**What renovation projects need approval from an HOA? HOAs require approval for any exterior renovations, such as adding a fence, painting the exterior of your home, or even changing your front door. Contact your HOA before starting any exterior projects.**
