Cochran Road Reconstruction Project

Dear Resident,

Fabrizi Trucking & Paving Company will begin the reconstruction of Cochran Road on Monday – May 23rd. This work will include the removal and replacement of the existing concrete pavement from the railroad tracks to about 800' north of Austin Powder. Although the preliminary layout is occurring this week the full reconstruction will begin next week and will continue through the end of July, weather permitting. As part of this work, the Contractor will need to modify the traffic patterns on Cochran Road. These traffic pattern modifications will impact traffic on Austin Powder from entering and leaving the Cochran Road corridor. After review of the original maintenance of traffic plan with the Village Police, it has been determined a modification will be required to maintain a safe work zone for worker, pedestrians and vehicular traffic.

Starting no earlier than Saturday (05/21), northbound traffic from Pettibone Road on Austin Powder will detoured east on Pettibone to Cochran Road. Local traffic will maintained to the railroad track, but access to Cochran Road from Austin Powder will not be possible for the duration of the project. Traffic access will be maintained in the southbound direction onto Austin Powder from Cochran Road.

We understand that this revised traffic patterns may increase travel time until the project's completion for the residents and businesses along Austin Powder, North & South Village Lane and Glenwillow Place. Please know we will attempt to complete this project as safely and as quickly as possible. **The safety of you, your family, and the construction workers is of the utmost concern to the Contractor and the Village.** Police, Fire, Garbage Collection, School Bus Service, and Postal Services will be maintained at all times during the construction.

Once again we apologize for any inconvenience this may cause and appreciate your patience. If you have any questions please do not hesitate to contact me at 440.439.1999.

Thank you for your cooperation.

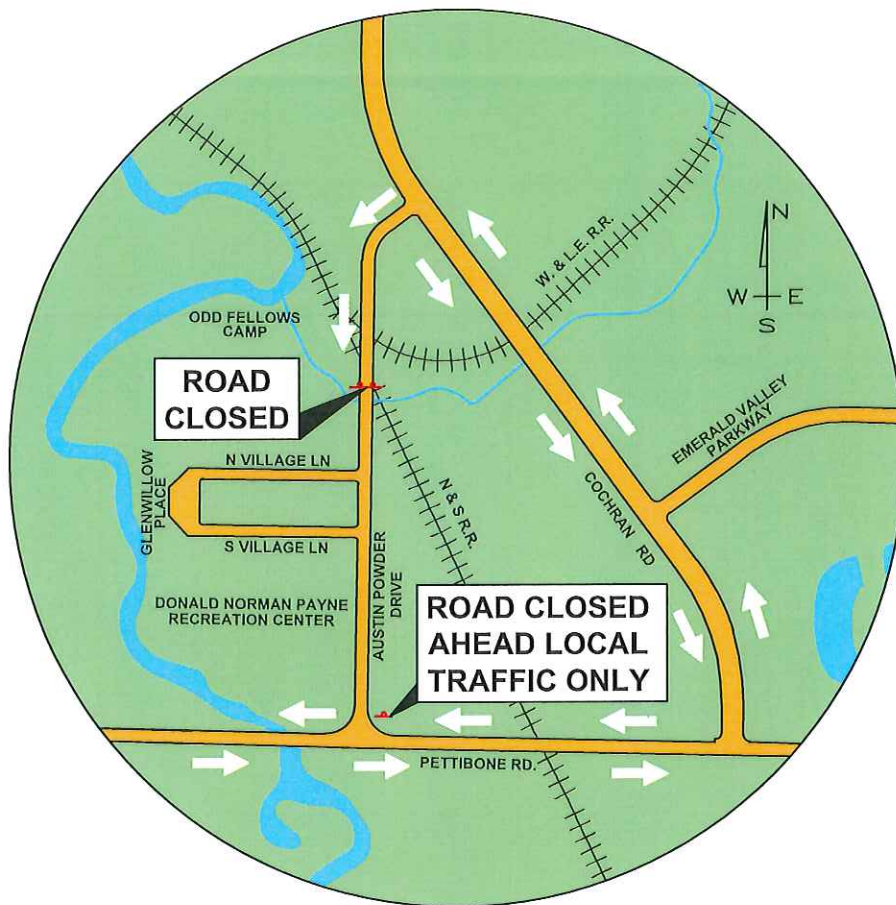

Michael Henry, P.E.  
Glenwillow Village Engineer

Cc: Mayor Cegelka  
Councilman Adie  
Councilman Sylver

Honoring the Past - Welcoming the Future
